

SF Launch Error x SAT - Forms engine launch failed

Error Description:

SF Launch Error x SAT - Forms engine launch failed

Resolution:

If you receive this error, choose to run the Satellite forms setup again.

- Go to C:\Program Files\Sensory Profile\Satellite Forms Setup folder on your PC's Hard Drive.
- Double click setup.exe.
- After opening the install of the Satellite Form setup, choose the option to Repair and click next.
- After running through the repair, do a HotSync with the Palm device. This should refresh the install of the Sensory profile on your PDA.
- Then open the Sensory Profile on your PDA and the software should work without error.

The Sensory Profile is no longer available for purchase. Please update your software to the enhanced Sensory Profile Select Scoring Assistant.
