

# Enter raw scores or standard scores

## Frequently Asked Question:

Do I enter raw scores or standard scores?

## Resolution:

The WISC-IV Scoring Assistant Assessment Screens provide for the input of Raw Scores only. There are no options for entering Scaled Scores, Converted Scores, or Quartile Scores. The software does the conversions automatically in the scoring process.

If you have other questions about test scoring, application, or interpretation, please call the Harcourt Assessment Test Products Support group. The Test Products Support group is available at 1-800-211-8378 option(s) 4, 1, weekdays
