

Can CELF 4 be administered to children diagnosed with Intellectual Disability or Autism?

Frequently Asked Question:

Can CELF 4 be administered to children diagnosed with Intellectual Disability or Autism?

Answer:

The CELF-4 is sensitive to the language difficulties exhibited by children with intellectual disability or autistic disorder. For more information about the sensitivity of CELF-4 to the language impairments observed in specific clinical groups, refer to pages 273-275 in the CELF-4 Examiner's Manual.
