

How do I choose a different norm period

Prior to users being able to log on and enter ERDA assessments, the highest level ERDA administrator for your adoption must setup the test period. In the process of setting up the test period, they will choose the norms set that is desired. If this was setup incorrectly, please contact your ERDA Administrator to make a change.

The norm sets correlate to months listed below.

FALL - September-November

WINTER - December-February

SPRING - March-May

SUMMER - Use the Spring norms (rare, but on occasion someone may want to test in the summer during summer school)
