

Error installing Ikernel.exe : The specified network path no longer exists

Error Description:

Error installing Ikernel.exe : The specified network path no longer exists

Resolution:

1. Navigate to C:\Program Files\Common Files\InstallShield.
2. Find the folder labeled ""Engine.""
3. Rename this folder to engine-old.
4. Restart the computer.
5. Login as an administrator.
6. Start the install according to the provided directions.
