

# Interpretive report is blank for WIAT II

## Frequently Asked Question:

Interpretive report is blank for WIAT II

## Resolution:

The WAIS-III WMS-III WIAT-II SA is an adult product with the norms linked to the WAIS-III WMS-III age group. The interpretive information contained in it will not accommodate children under age 16. For the younger age group, you will need to use WISC-IV Scoring Assistant or WISC-IV Writer, which are designed for this age range.

The WISC-IV software will work with any installed copy of WIAT-II software and allow combination reports. The WISC-IV software, however, does not include the WIAT-II software, which is available separately.

If you need additional assistance with WISC-IV or WIAT-II software, please contact the Technical Support Center by phone at 1-800-249-0659 or by email at [esupport@pearson.com](mailto:esupport@pearson.com).

To order the software for WISC-IV or WIAT-II, you can contact Pearson Assessment Customer Service at 1-800-211-8378 or order online at [www.harcourtassessment.com](http://www.harcourtassessment.com).
