

Cannot locate Canadian norms

Frequently Asked Question:

I cannot locate Canadian norms, I am only receiving US norms.

Resolution:

The WIAT-II Canadian Scoring Assistant installs in the PsychCorpCenter platform. If you already have a WIAT-II product installed, you will not see a difference in the software. Do the following to access the Canadian norms.

- Open PsychCorpCenter.
- Click Reports.
- Choose the examinee from the list.
- Click Next.
- In the lower left corner of the window the Country Norms dropdown appears. Click Canada from the list.
- Click Preview.
