

Cannot report age based norms with college student

Frequently Asked Question:

Cannot report age based norms with college student

Resolution:

College students should use the Grade-Based norms for reporting with the WIAT-II Canadian Scoring Assistant. Age based norms are available through High School only.

The message ""The examinee's age and/or grade is out of the valid range for the Canadian Norms Set"" may be received. Either select United States from the Country Norms Set drop-down or select Grade in the Norm Base box.
