

Install will not proceed past Registration Confirmation

Frequently Asked Question:

Install will not proceed past Registration Confirmation

Answer:

This issue may be caused by Internet Security software installed on your machine. If you are installing the Pal II Users guide CD-rom and cannot complete the installation past Registration Confirmation, or the install seems stuck in a loop.

To resolve please either disconnect your internet connection, by unplugging your network cable or right clicking on the connection icon and choosing to disable the network connection
