

# How to view class lists

Note: This will only work if your classes have 50 or less students in them

You can view your class lists of all students in your class by:

1. Clicking on search students.
2. Choosing the region, district and school that the classes are set up under.
3. Choose the class listed under the school you have chosen.
4. Click next and your list of students for that class will be displayed.
