

Not printing report

Frequently Asked Question:

Not printing report

Answer:

SAWS-A version 1.0 does not print on some printers. If you are experiencing this problem, you may request a SAW-A version 1.1 by contacting PsychCorp Technical support 800-249-0659. If you have the SAW-A version 1.1, make sure you have the latest version of the printer driver for your printer. For driver information, see the printer manufacturer's website.

The SAWS A is no longer available for purchase. Support for this software will continue for computers that fall within the parameters of the system requirements. For a list of system requirements please see the article in this section titled "System Requirements"
