

Can I export the data?

Frequently Asked Question:

Can I export the data?

Answer:

You may export the raw data to a saved file and then copy the file to a CD or flash drive. However, this file will contain only raw data and will not contain the report information. This raw data may be imported into a spreadsheet application.

The SAWS A is no longer available for purchase. Support for this software will continue for computers that fall within the parameters of the system requirements. For a list of system requirements please see the article in this section titled "System Requirements"
