

Display overlaps on screen.

Frequently Asked Question:

Display overlaps on screen.

Answer:

If the report preview of your documents appears small or distorted, check your Windows printer setup to see if there is a graphics printer driver installed and set as default. This Windows graphics printer driver is required for the display to be correct.

The SAWS A is no longer available for purchase. Support for this software will continue for computers that fall within the parameters of the system requirements. For a list of system requirements please see the article in this section titled "System Requirements"
