

# Printing takes a long time.

## Frequently Asked Question:

Printing takes a long time.

## Answer:

SAWS-A prints the report in graphic mode and will take longer than standard text to print. Turning off options such as grey bars will increase printing speed

The SAWS A is no longer available for purchase. Support for this software will continue for computers that fall within the parameters of the system requirements. For a list of system requirements please see the article in this section titled "System Requirements"
