

Are credits required or is this unlimited use software?

Frequently Asked Question:

Are credits required or is this unlimited use software?

Answer:

Per MHS Technical Support, the CPT-II is unlimited use software for one PC. If the software is uninstalled and the Key is not transferred back to the floppy disk before the uninstall took place, it will register a lack of uses or require credits. For more information, please contact MHS Technical Support for the Conner's' Continuous Performance Test II Computer Program for Windows at 800-496-8324.
