

How do I print out the error analysis section for WIAT-II using PsychCorpCenter-II (PCC-II)?

Frequently Asked Question:

How do I print out the error analysis section for WIAT-II using PsychCorpCenter-II (PCC-II)?

Answer:

With the release of PsychCorpCenter-II, the inclusion of WIAT-II in the new platform was limited to the WIAT-II table and graph components only. WIAT-II full functionality still remains in PCC-I which includes the Parent Report, Individual Summary Report (which has the Error Analysis section) and Behavioral Observation sections.
