

Runtime error 339 component SFRMA35.OCX or one of its dependencies not correctly registered

Error Description:

Runtime error 339 component SFRMA35.OCX or one of its dependencies not correctly registered

Resolution:

You must have administrator privileges for the local computer to install and use Sensory Profile Select. Windows NT/2000/XP/Vista/Windows 7 users must have the ability to read and write to the program folder and some users may require additional rights. The default install path is C:\TPC\Sensory Profile Select. If you do not have sufficient admin privileges, contact your IT department for assistance.

If you need additional assistance, please contact the Technical Support Center by phone at 1-800-249-0659 (commercial 1-817-820-3703) or by email at esupport@pearson.com.
