

What is the age range for the WIAT-III and is it appropriate for use with college students and graduate students?

Version 1.0.0 of the WIAT-III Scoring Assistant was released to accommodate ages 4:00 - 19:11 years of age. WIAT-III Adult Norms is available now, with an expanded age range of 20:00 - 50:11. This is a free update for users whom already own the kit and are using the WIAT-III Scoring Assistant. It will be an automatic download to the software that will also include the extra norms tables in a .pdf format for printing if needed. The record forms and technical manual will be updated with the adult norms information at that time.

To update your software manually please click on the link below.
