

How do I export data from my account?

1. Log into an AIMSweb manager account.
2. Click the **Manage** Tab.
3. Click the **Data Export** link.
4. Fill out the form.
5. Click the **Export Link**. The file will be available the next day at the bottom of the **Data Export** page.

Note: If you password protect your export, it is important that you remember this password because there is not a way to retrieve it.
