

Why do I get routed to the manual-score page when selecting the next available period dashes "--" for a student using R-CBM?

The three dashes on the Palm interface "-- -- --" for R-CBM do not indicate periods, but are place holders for the 3 raw R-CBM scores. The Palm may only access one period at any given time. Once the 3 raw scores have been synchronized and the median taken, this median is displayed in the left-most column. The other two columns will be displayed as "--".
