

System Requirements Checklist - pan Platform

Summary of pan system requirements:

- Microsoft Internet Explorer 8, 9, 10 or 11, Firefox 4.0 or later, Safari or Chrome
- Active Scripting (JavaScript) enabled
- Session cookies enabled
- Minimum screen resolution of 1024 x 768
- CSS Enabled
- AJAX Enabled

If you are unsure, you should ALWAYS use the **Check My Browser** link located in the footer of the pan website page or, if you do not have access to a pan page containing the link (if you are a candidate who is taking or planning to take an assessment), click the following link (or type this link into your browser's address bar) to check your system requirements:

<https://tara.vitapowered.com/BrowserInfo.aspx>

Hint: Test administrators can send this link to candidates to check their browser prior to taking an assessment.

Please see the attached document for more details about the pan Platform's system requirements for supported operating systems and Internet browsers.
