

# Wechsler Individual Achievement Test<sup>®</sup>—Third Edition (WIAT<sup>®</sup>—III) WIAT<sup>®</sup>—III Scoring Assistant

Update Version 2.0.4  
Changelog  
7/1/2011

This file includes helpful information about the WIAT<sup>®</sup>—III Scoring Assistant. The 2.0.4 update includes the following changes:

## **Resource Library**

[39360]

Four new files have been added to the WIAT-III Resource Library. Three of the files are different applications of the Quick Score Guide for the Sentence Composition subtest. There is an interactive PowerPoint version, a printable PDF version and an interactive Smart Phone version. The fourth file is a user's guide that explains how to use the two interactive files. It is very important that you read the user's guide before attempting to open either of the interactive files.

## **Report Table Footnote**

[38851]

Footnotes for [Differences Between Subtests and Mean of Subtest Scores Table] did not include information pertaining to Verbal Comprehension when generating a WISC-IV or combined WISC-IV and WIAT-III report in PsychCorpCenter-II. (Verbal Comprehension and Perceptual Reasoning Means selected as subtest comparison group in WISC-IV report options)

## **WISC-IV GAI and WIAT-III**

[37818]

The Alphabet Writing subtest was missing from the Ability–Achievement Discrepancy Analysis table when using the Predicted Difference Method. This has been corrected.
