

WIAT®–II Scoring Assistant Read Me

Version: 2.0.2

Release Date: August 25, 2011

This file includes helpful information about the WIAT®–II Scoring Assistant. This update includes the following fixes:

CR 38882	Corrected issue when exporting a large amount of records to a .csv file format containing calculated scores (>100). Previously not all records were being exported when performing a large export.
