

Unhandled exception, incompatible version of the rpc stub

Error Description:

Unhandled exception - incompatible version of the rpc stub

Unhandled exception 0x80070725 - description incompatible version of rpc stub

Resolution:

This error is caused by a .DLL that was installed on the system, such as {Oleaut32.dll}, {Olepro32.dll}, {Asycfilt.dll}, {Stdole2.tlb}, or others that are not compatible with that system.

There are two ways to avoid this error.

1. Download and run the following executable that is provided by Microsoft.
<http://download.microsoft.com/download/msninvestor/Patch/1.0/WIN98/EN-US/mcrepair.EXE>
2. When you run this executable, it prompts you whether you wish to overwrite newer files. Make sure to click YES for each file (do not select ""No"" or ""No to All"")
3. If you have Office 2000 installed you can install the latest service pack from:
www.microsoft.com/downloads
